

LEISURE WOMAN IS SENT TO PRISON

Sentenced to Serve 180 Days After
Having Been a Fugitive From
Justice Almost a Year

WAS CAUGHT LAST FRIDAY

Silverton Miller Pleads Not Guilty to
Charge of Assault and Battery
With Intent

Mamie Weewe Leisure, who gave her age as 26 years, was arraigned in circuit court this morning and given a six months sentence at the State Prison for Women, after having been a fugitive from justice for almost a year.

She was captured Friday by officers who went to her home near the I. & C. power house and located her in hiding underneath the floor, where she dropped mysteriously out of sight through a trap door.

She was wanted to receive sentence on a charge of encouraging delinquency on a minor girl, and for which she was found guilty October 23, 1923, almost a year ago. After she and a companion were found guilty by the jury last year, they were permitted to go on their own recognizance for a few days, but when the time came for them to report, the woman disappeared and she was since a fugitive. The companion has served his 6 months sentence.

When brought into court this morning before Judge Sparks, she was asked the question concerning her age, and then the court handed out the delayed sentence of 180 days, and she was taken back to jail. She will be taken to the prison probably Thursday to begin serving the term.

Silverton Miller appeared this morning when court convened and entered a plea of not guilty to the charge of assault and battery with intent to kill. A motion to quash the first count of the affidavit charging the intent to kill, is pending.

He was arrested Sunday, October 5, on complaint of Elbert Carr, who charges him with attempting to shoot him. He was released on \$3,000 bond, and was told to report this morning to enter a formal plea. The case will be set later, after the arguments are heard on the motion to quash.

REPRESENTS LOCAL COMPANY AT MEETING

W. A. Alexander Back From Chicago
Where He Attended Mutual Insurance
Association Convention

AT OPENING OF NEW STADIUM

William A. Alexander has returned home from Chicago where he represented the Rush County Farmers Mutual Insurance company at the annual convention of the National Mutual Insurance association, which was held last week at the Edgewater Beach hotel.

The next meeting will be held at Portland, Oregon, and H. C. Cooper of Crawfordsville, Ind., who has been serving as secretary, was elected president. Indiana was second in point of attendance at the convention, Illinois being first, and a Rochester, Ind., man was awarded a large silver cup for winning the horseshoe pitching contest.

Mr. Alexander learned many things of interest in regard to the conduct of mutual insurance companies elsewhere, which will be recommended to the Rush county company for adoption.

He was fortunate in being in Chicago at the formal opening of the new Grant Park Stadium, which will seat 60,000 people. The great granddaughter of Mrs. O'Leary's cow, which kicked over the lantern and started the great Chicago fire, was present for the celebration and duplicated the feat. Modern fire equipment was present to extinguish the fire and demonstrate the development in fire fighting apparatus.

RECOVERING FROM ATTACK

Mrs. Mary Shropshire is recovering from a serious attack of yellow jaundice at her home in East Third street.

DEMONSTRATION IS SUCCESS

Fire Department Reveals Ability to
Carry High Pressure

The demonstration held this morning by the fire department was highly successful and both pumpers were given good workouts, the hose tested and the equipment put into shape for any future emergencies that might arise in the winter months.

The steam pumper was placed in south Morgan street and two lines of hose run from it for more than a block, and water supplied directly into the Seagraves pumper which relayed the stream of water into one high pressure line, more than three blocks away. Both outfits worked perfectly. Only a few sections of the hose were found to be faulty, and were discarded.

THREE DIVORCES GRANTED IN COURT

Three Women Allowed Decrees of
Separation by Different Judges,
One on Cross Complaint

TRIAL FOR TODAY DELAYED

Jury Will Not be Used Tuesday as
Case Scheduled For Hearing Will
be Taken Out of County

Three divorces were granted Saturday in the Rush circuit court by three different judges, in decisions handed down after hearing the evidence in the cases.

In the suit of Chase S. Floyd against Daisy Floyd, heard before Judge Rufus Hinshaw of Newcastle, the plaintiff was refused a divorce on his petition, and received a fine of \$10 and costs for contempt of court for failing to abide by the ruling of the court concerning the payment of support money.

The court, however, granted Mrs. Floyd a divorce on her cross complaint, assessed the costs against him for \$25 attorney fees, and restored her former name of Daisy Chance. The court also awarded her possession of a piano, over which there existed some difficulty. The evidence in the case was heard last week, and the ruling made Saturday afternoon by the special judge.

In the case of Carrie E. Flechart against Fred A. Flechart, heard Saturday by Gates Ketchum, special judge, the plaintiff was granted a divorce upon payment of costs, and also awarded her \$4 a week support money for a child. Provisions were also made concerning the custody of the child.

In the suit of Osa Moulton against Lafayette Moulton, Judge Sparks heard the evidence, and awarded the plaintiff a decree, upon payment of costs.

The court also heard the evidence for support in the suit that is pending of Elsie Bush against Shelby Bush. The decision awarded the child \$5 a week support.

The jury was on hand this morning to hear the case of the First State bank of Newport against Frank R. Hale and others, and after the jury was in the box, some of the defendants presented a motion for continuance, and it was granted, delaying the case.

The case set for Tuesday before a jury also was delayed. The action was the suit of Elihu Price against William H. Alsmen, a complaint on a note, and a change of venue was asked by the defendant.

In the suit of John A. Knecht against Roy Whittaker, judgment on an account has been entered for \$48.65 and costs.

The suit of William Knecht against Louis C. Lambert, in which a change of venue was asked by the defendant, has been sent to Henry county for trial.

Another change of venue was affected in the case of Clifford C. Hutson against Harry Madlin and Loring Brookshire, a \$10,000 damage suit. The case originated in Henry county and was sent here on a change, and a still further change of venue has been taken in which it now goes to Hancock county for trial.

ASKS A RECEIVER FOR BOX FACTORY

St. Maurice Paper Company of Quebec, Ont., Files Action Against
Carthage Concern Here

ASKS \$4,000 ON ACCOUNT

Petition for Ancillary Receiver Also
Filed in Federal Court in Indianapolis

Suits seeking a receivership for the American Paper Products company of Carthage have been instituted in the Rush circuit court and a petition for an ancillary receiver has been filed in federal court in Indianapolis, in which alleged creditors express fear their interests will not be protected.

The suit filed in the Rush circuit court this morning was brought by the St. Maurice Paper Company of Quebec, Ont., demanding judgment on an account for \$4,000 that is alleged to be past due.

The complaint alleges that the Carthage concern owns real estate, property, merchandise and accessories to the paper box making trade in the city of St. Louis, Mo., and Carthage, Ind.

The holdings of the concern is cited in the complaint to be reasonably worth \$300,000 to \$400,000 in machinery, goods on hand and merchandise, and that the equipment, real estate and other holdings of the concern is said to be worth above \$700,000, involving a total of more than a million dollars.

The action charges that when the concern was actively engaged in the business in the state of Missouri that Lev P. Rexford was appointed receiver. The plaintiff now charges that because the factory has expended its business into this state, and their interests should be protected and that an ancillary receiver, or a subordinate receiver should be named, and the plaintiff asks the local court to ratify their demands.

The suit sets out that the receiver, Lev P. Rexford has filed a petition in the Indiana federal court, asking that he be named the receiver in this state, and that he has provided \$50,000 bond for that purpose.

ANNUAL INSPECTION

The annual inspection of Rush chapter No. 24 and Rushville council No. 41 will be held at the Masonic Temple Wednesday evening. Herbert C. Graham, grand lecturer, will be present for the annual event. A buffet luncheon will be served from 5:30 to 7 o'clock and the work will begin at six o'clock.

PRINCE OF WALES WINS PLAUDITS OF COWBOYS

Chicago, Ill., Oct. 13.—To the accompaniment of wild yells from visiting cowboys, H. R. H. Prince of Wales gave an exhibition of horsemanship that won wild acclamation.

Mounted on a rearing horse, David, Windsor rode all around the stock yards. David Windsor stuck like glue on the horse, which plunged around, excited by the yells of spectators. The prince's riding won the admiration of the cow punchers and they yelled their approval.

After dismounting, Windsor was taken through the Swift Packing Plant.

Ben Davis Church Holds Home Com-
ing and Basket Dinner Sunday

The Ben Davis Creek church at Stringtown held a homecoming and basket dinner at the church Sunday and more than 300 persons attended the pitch-in dinner. The church has just ended a successful evangelistic campaign, in which the minister, the Rev. Mr. Crawley, was in charge and was assisted by Evangelist and Mrs. Brock, singers.

During the week there was a dozen accessions to the church. The all day meeting Sunday concluded the revival meeting, and in addition to the 300 persons who attended the dinner, the church was filled to capacity for the regular church services.

IS PRODUCTION OF TRANSITION AGE

New Girl is Theme of First Sermon
in Sunday Evening Series by the
Rev. H. W. Hargett

2 PATHS FOR HER TO FOLLOW

Old Tradition May Give Way to Ma-
terialism With Its Laxity or to
Sounded Christian Principles

The first sermon, "The New Girl" in the series on "The Girl of Today" which are being delivered by the Rev. H. W. Hargett at the St. Paul's Methodist Episcopal church, was delivered Sunday evening. Mrs. Norma Hogsett sang with fine expression and great power and four young ladies did most excellent service as ushers.

A question box has been placed in the vestibule of the church. People are cordially invited to hand in questions that pertain to the sermons or to other live, up-to-date themes. They will be answered each Sunday evening in a prelude preceding the sermon. The topic for next Sunday evening will be "The School Girl."

The sermon was taken from Proverbs 31:30, "Favor is deceitful and beauty is vain but a woman that feareth the Lord, she shall be praised." The sermon in part, is as follows:

This is a bit of the old time wisdom literature. The world had never outgrown it. It is needed by the girl of today. Superficial attractions are soon set aside. Only the deep lying beauty of the heart abides.

The new girl is the product of an age in transition. It is a transition from What to What? When the old gives way to the new there is danger. Old traditions, old conventions, habits, faith and home life, may give way to materialism with its laxity and selfishness or to higher sounder Christian principles. It rests with the girl of today to decide. As she thinks and dreams and loves and laughs, so will the race of tomorrow. Hers is potential womanhood, Man, the master builder, may in the past have considered woman as only a "side issue." Today through the rise of democracy and of industry, he must reckon her as a world force.

Man in the past has built his great empires by physical force and every such empires has been destroyed by the force that built it. A new era is before us in which woman is to have the opportunity of aiding in building a better civilization on the ruins of the old, of bringing beauty out of ashes and of setting up the fair city of God on earth.

Changed conditions have brought to the new girl a freedom unknown in the past. She is like a bird set free from a cage. She is free to seek the sunlight or the moonlight. Which shall it be? With the breaking up of the old home old life many of the restrictions and conventionalities of the past are gone. She does not expect that her social or recreational life shall center in the home. When a young man asks the privilege of a date he finds her hat on ready to go somewhere or to manywheres—the movies, an auto ride, the refreshment stand or elsewhere. The evening is seldom if ever spent quietly at home. If we take the "wreck" out of much of the recreational life of today, she must stand for the higher sanctities of life and against the shameless flippant lures that

ZR-3 PASSES OVER AZORES

Wireless Reports Reveal Giant Dir-
igible, Headed Towards America,
is Making Good Time

NOW ON LEG TO BERMUDA

Expected to Reach Lakehurst, N. J.,
Her Destination, by Wednesday—
One of Spoils of War

(By United Press)

Lakehurst, N. J., Oct. 13.—"I expected the ZR 3 to arrive between five and six a. m. Wednesday if the present atmospheric conditions which are splendid, do not change," Commander Pierce, U. S. N., in charge of the air station here told the United Press this afternoon.

"Everything is ready to receive the zeppelin," he added. "In case conditions are unfavorable to the ship entering the hanger, such as a side gale of more than fifteen miles an hour, she will land in the open, mooring apparatus will be attached and she will be pulled over to the mast.

Lieut. Wiley, regarded as the best American landing expert, will be in charge of the landing maneuvers.

Berlin, Oct. 13.—Speeding safely 1,600 miles from her starting point at Friedrichshafen, the giant Zeppelin ZR-3 reached the Azores this afternoon and passed high over-head above the little group of islands, steadily pursuing her westward course towards America.

Wireless reports reached Friedrichshafen that the dirigible, making good time, had arrived at the Azores at approximately 2 p. m., and continued on her way. The Zeppelin's course takes her on another 1600 mile leg, to Bermuda, where she turns northward to Lakehurst, N. J.

Spanish stations relayed messages reporting the safe progress of the airship.

At 3:30 p. m., Berlin time, the government wireless station here announced that the Chatham, Mass., wireless station in touch with the ZR-3.

Direct communication with the Zeppelin, which was lost sometime this afternoon, owing to atmospheric conditions was resumed shortly after 3 p. m., Berlin time and the big ship reported herself as having reached the first of the Azores group shortly before noon, Greenwich time.

Everything was well with the giant dirigible, which should reach Lakehurst, N. J., Wednesday.

The ZR-3 was behind schedule when last reported, but was proceeding steadily on her course, at a speed that averaged about sixty miles an hour. Early today she reported that she was

NEGROES GIVE PLEDGE TO SUPPORT DAVIS

Delegation, all Former Republicans,
Hold Conference with Democratic
Nominee in Indianapolis

CHANGE DUE TO KLAN ISSUE

(By United Press)

Indianapolis, Ind., Oct. 13.—A delegation of negroes, all former Republicans, today pledged their support to John W. Davis, democratic presidential candidate, in a conference just before the candidate resumed his speaking tour in Indiana.

The candidate left here at noon for speeches at Lebanon, Lafayette, Crawfordsville, Greencastle and Terre Haute. He will invade Illinois tomorrow.

"The Ku Klux Klan or any other such organization has no place in American politics," Davis declared in a short talk to the Negro Voter's League.

The delegation included negro editors, preachers, and officers of the Independent Negro Voters League of Indiana, which is interested in defeating the Republican State ticket because of the Klan issue.

Negroes are organizing a big demonstration for the democratic state ticket here next Sunday when they expect to have 10,000 marchers in line.

W. F. Henderson, president of the Negro Voters' League, was spokesman for the delegation.

SPEAKS TO OVERFLOW CROWD

E. E. Hungerford of This County
Addresses Bloomfield Crowd

E. E. Hungerford of this county, who is in charge of agricultural division of the Republican state central committee, spoke to an overflow meeting in the court house yard at Bloomfield, last Friday night, according to an announcement received here today.

The overflow crowd was composed of people who came to hear Ed Jackson, republican candidate for governor, and who could not get inside the court house where he was speaking.

Mr. Hungerford spoke for an hour and then introduced Mr. Jackson as "the next governor of Indiana", and he addressed to the crowd upon the outside for a short time.

would plunge the world into moral chaos.

First Baptist Rally Day

One of the best Rally Day services in the history of the First Baptist church was enjoyed by the members Sunday. The Bible school, in charge of Supt. I. T. Polsgrove, met at 9:30 and was followed by the presentation and adoption of goals for the coming year, including an enrollment of 200 and an average attendance of 110. Other improvements in the matter of record-keeping were also adopted.

"The Prince of Victory" was the pastor's theme at the morning worship hour. He defined victory for the church as nothing short of "the creation of a civilization, Christian in spirit and passion throughout the world." He continued by summing up the price of victory, first as vision, second as faith, third as vision, fourth as faith, fifth as vision.

A beautiful pitch-in dinner was served in the basement at noon.

At two o'clock the orchestra, under the direction of Gilbert Palmer, began a thirty minute prelude, and at 2:30 the Rev. C. J. Bunnell, a former pastor, brought a splendid and much appreciated message on the subject "The Way to Victory." In part he said: "The church must organize its forces if it expects victory. No loose, hap-hazard programs will achieve victory."

"In the second place the church must agonize. The church must be willing to give of her life blood in order to achieve the victory. Finally, the church that gains the victory must be vitalized by the spirit and power of God."

Following his sermon the Rev. Mr. Bunnell enjoyed an hour of fellowship with his friends and former parishioners. The first meetings of the B. Y. P. U. since the summer vacation was held at 6:15 in charge of the president, Miss Mildred Stewart. The attendance was the largest in many months.

A special feature of the evening worship hour was the service of installation for the officers. The service included the reading of two short selections of scripture, a brief address by the pastor on the dignity and importance of an office in the church, and the reading of the duties of the various officers. The congregation then stood and the pastor led the installation prayer.

A brief sermon by the pastor followed this service in which he spoke of "The Challenge of the Church." His message was a plea for the acceptance of the challenge to large life and service. Splendid audiences were in attendance upon all the services, and the church is looking forward to the best year of its history.

Kansas City Doctor Invents New Truss

New Discovery Heals Rupture Without An Operation.

A new discovery which, experts agree, has no equal for curative effects in all rupture cases, is the latest accomplishment of the well-known Hernia Specialist, Dr. Andrews, 7638 Koch Bldg., Kansas City, Mo. The extraordinary success of this new method proves that it holds and heals a rupture. It weighs only a few ounces. Has no hard gouging pads, no elastic belt, no leg straps, no steel bands, and is as comfortable as a light garment. It has enabled hundreds of persons to throw away trusses and declare their rupture absolutely healed. Many of these had serious double ruptures, from which they had suffered for years. It is Dr. Andrews' ambition to have every ruptured person enjoy the quick relief, comfort and healing power of his discovery, and he will send it on free trial to any reader of the Republican who writes him. He wants one person in each neighborhood to whom he can refer. If you wish to be rid of rupture for good, without an operation, take advantage of the doctor's free offer. Write him today. Seeing Stars

With the visit of Mars during the past summer, when it was only 34,000,000 miles away, and nearer than it has been in a century, a remarkable impetus has been given "star gazing."

November is the month of meteors, according to astronomers, and during that time you will recognize in the east old acquaintances in the Pleiades and Hyades in Taurus, and Aldebaran, the fiery-red eye of the bull.

November was known in ancient times as the Pleiad month and it was then the ancient kings of Persia never failed to grant any request presented to them on November 17, the day the Pleiades came to the meridian at midnight.

The beautiful little group, with five stars forming a tiny dipper, and two additional stars visible to keen eyes, will be one of the most noted groups in the heavens. The V-shaped cluster of the Hyades is scarcely less famous.

And star after star, and many groups of stars famous for their brilliancy, might be enumerated.

Mars, our old friend who intrigued us into searching, with straining eyes, the heavenly canopy, during the summer, is passing off the earthly stage. This planet, which is especially bright in October, moves rapidly eastward during November and recedes from the earth.

To Mars we may be indebted for

whatever interest that has been aroused in the earth's neighbors, but Mars pays its visit so infrequently, that we are very apt to have forgotten all we learned this time, before he returns.

A Good Team

LaFollette is preaching government ownership and operation of railroads and everything, and Mrs. LaFollette is pleading for mercy for Germany, which she says has been "enslaved and dismembered."

This is a fine team for any American citizen to ride with. The person with the poorest memory can recall that when the government operated the railroads, the cost to the public treasury, over and above receipts from operation, was \$2,600,000,000. Besides, freight rates were raised 25 percent and passenger rates 20 percent.

And anyone who believes Germany is being dismembered ought to find it a very welcome thought. Dismembered, Germany could never become the menace she was in 1914.

HUNT'S DAILY LETTER

BY HARRY B. HUNT
NEA Service Writer

WASHINGTON—With the campaign entering the home stretch, administration leaders profess to be more than ever confident that Cal Coolidge will come under the wire in an easy win.

But while they claim Cal is safely out in front of La Follette and Davis, where he cannot be poked and where he isn't even troubled by their dust, the going for Republican congressional, senatorial and state entries is admittedly not so good.

Just why it is, they admit they do not know, but they confess Coolidge is running away ahead of his party. In confidence, they forecast a Coolidge rather than a Republican victory. For the election of a president, but the loss of both houses of Congress, can hardly be heralded as a great party victory. It would be a personal victory for Coolidge, not a triumph for the G. O. P. Yet that is exactly what even the most optimistic Republican leaders expect.

JUST what the elements of popularity are in Coolidge's makeup that have brought about this situation the old-time politicians can't figure out. All the old bag of tricks has gone into the discard. They don't fit Cal at all.

These old timers are loath to admit that perhaps it is Coolidge's very indifference that gives him his strength, yet a lot of them are beginning to get that "hunch" and to ponder it very seriously. It isn't, for them, a particularly appealing matter for meditation, but they admit it appears an inescapable fact.

ANYWAY, something appears to them to be wrong when a seemingly negligible personal factor catches the public fancy and in the most passive sort of campaign has all the old party regulars for Congress and Senate hanging onto his coat tails.

There is not a single state from which the reports show the local

tickets adding strength to the Coolidge cause. Instead, state after state reports Coolidge far out in front, and voices the hope that his majority may be sufficient to pull across state and congressional candidates by a safe, though narrow, squeak.

Of course the Davis and La Follette camps maintain that these claims of Coolidge strength, particularly in view of the admissions of likely failure to win control of House and Senate, simply show the administration leaders are whistling to keep up courage.

With the solid south for a take-off, Al Smith doing his stuff for Davis in New York and La Follette undergirding the Republican strength in the middle west, Democrats decline to accept the dictum that they will not be able to roll up the necessary 266 electoral votes. They even decline to consider suggestions that their real hope lies in a deadlocked election, although that appears their salvation to most unbiased observers.

And the La Follette—well, with "Fighting Bob" just taking the stump himself, on a tour that will carry him to the Pacific coast, they insist that all dope to date is premature, that the real Progressive drive to bring Bob under the wire a winner is just beginning.

"Not a deadlock, but a victory" is the La Follette cry.

THE one thing on which agreement is general, however, is that bloc control will continue in the Sixty-ninth Congress.

This probability is giving the Coolidge leaders most concern. For without a decisive majority in either house it will be impossible for the president, if re-elected, to put into effect administrative policies requiring congressional action.

On the other hand, such a situation will make doubly effective the administration veto, enabling Coolidge to prevent any legislative accomplishment by the bloc system, until 1927 at the earliest.

CHICAGO UPSETS BROWN

Shows Itself Big Ten Contender and
Illinois Also Exhibited Improve-
ment Troughing Butler

Chicago, Oct. 13—Coaches of the Big Ten began their last intensive week of drill before the opening of the conference season proper. Although Ohio State and Iowa have already engaged in Big Ten battles, the other seven teams of the circuit will enter their conference games next Saturday.

The record of the week-end, with almost as many upsets as expected results leave most western eleven uncertain prospects. Several teams, however, stamped themselves definitely as conference contenders.

By Chicago's upset defeat of Brown to the count of 19 to 7 Coach Alonzo Stagg is assured of a place in the Big Ten race. Led by Harry Thomas in the back field and Gowdy at center, the Maroons showed an attack and defense that needs only a little more co-ordination to make them dangerous to any aggregation.

Illinois showed a vast improvement since the Nebraska game when she trounced Butler 40 to 10. Red Grange was in the fray only 16 minutes, but that was long enough for Zupke's star to put over two touchdowns. Butler failed to show her usual strength.

Led by the offense of Ralph Baker, triple-threat sophomore, Northwestern downed Cincinnati, 42 to 0.

Michigan had difficulty in winning from the Michigan Aggies, 7 to 0, and will have to improve to beat Illinois next Saturday.

Iowa and Ohio State practically eliminated each other from consideration as Conference championship contenders when they went into a scoreless tie. Both teams will give lots of trouble to other eleven, however. Iowa plays Lawrence next Saturday and Ohio meets Ohio Wesleyan. The most disappointing showing of any conference eleven was the 7 to 7 tie of Wisconsin with Coe College. It must be said for the Badgers however, that they started the game and played a large part of it with second string men, whom Coach Jack Ryan wanted to test.

Minnesota had little difficulty in winning from the Haskell Indians 20 to 0. The Gophers and Badgers will meet each other in a stiff battle next Saturday, despite Wisconsin's humiliation Saturday.

Purdue met expectations in trouncing Rose Poly, by an overwhelming score and will meet Northwestern Saturday.

Defeated by Louisiana, Indiana will come to Chicago to fight the Maroons Saturday.

SUCCESSFUL HITTING LINE

The Arlington Athletic club football team won a great victory Sunday, when they downed the fast Shelbyville club on the field at Arlington, shutting them out, 22 to 0.

Arlington scored in the second, third and fourth quarters, and used line plunges to good advantage at all times. The Arlington team had John Beasley, Louis Means and Hal Rohm in the back field, and they took the ball through time after time for long gains. They also were towers of strength in the defense.

Shelbyville made only two first downs during the game. They had well known players, such as Blakely, B. Coon, Fisher, Mitchell and Copple. Next Sunday Arlington will hook up with the Red Arrow club of Fishers, a team that ranks high in the state. This game will be played at Arlington. The attendance this year is exceptionally good.

ORANGE TAKES GINGS FIVE

Wins Basketball Game, 29 to 24—
McCulloch Scores 19 Points

Orange high school took Gings high school in a fast game of basketball Friday night at Gings, the score being 29 to 24. Pyke starred for Orange with 15 points. McCulloch went best for Gings making 19 points. The first half saw Gings leading 15 to 14. The lineup and summary:

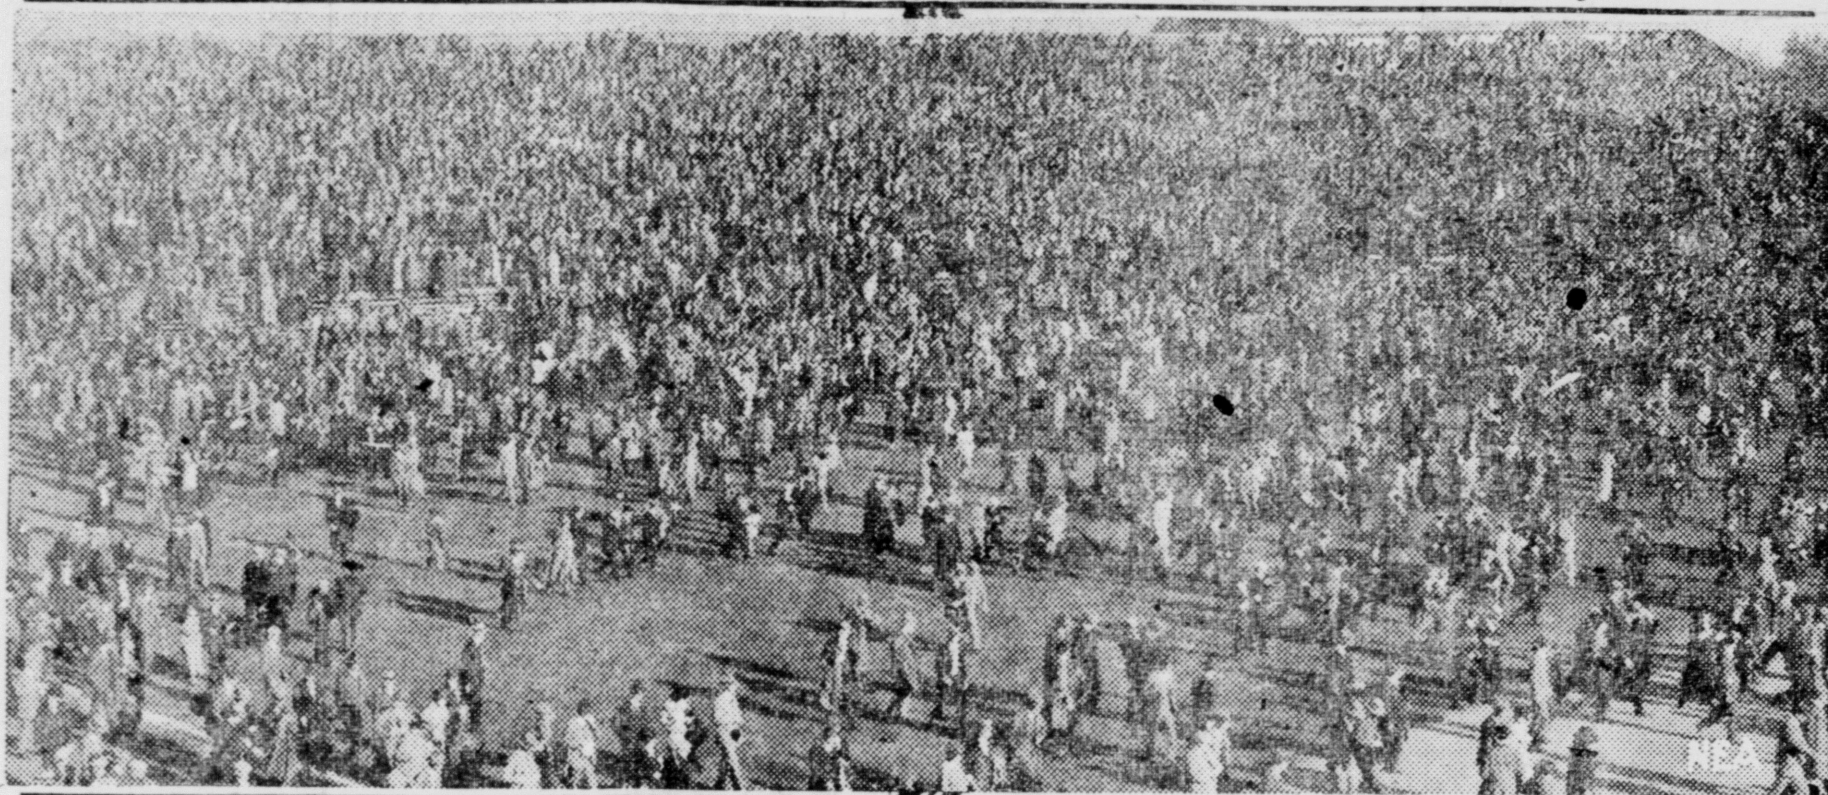

Orange 29 Gings 24
Phillips F. Reese
Fields F. Eckhart
McGraw G. McCulloch
Friend C. Pratt
Bryant G. Meyers
Summary: Myers, 2, Pratt, Phillips 4, McGraw 2, Coletane 4, Friend McCulloch 9, Pyke 7. Foul goals, Pyke, McCulloch. Substitutions, Pyke for Fields, Coletane for McGraw, Ruff for Friend and McGraw for Coletane. Referee Joel Custer.

LOCALS MEET WATERLOO

The Rushville baseball club met their Waterloo in the last game of the season Sunday, when the colored A. B. C. team of Indianapolis rubbed in a 19 to 3 score. The local club had previously won two games played with the fast team, but yesterday the visitors were right, and had little trouble in hitting the ball to all corners of the lot.

Dame, by her 34 to 0 defeat over Wabash, and Marquette by her 21 to 3 triumph over the Navy promised to be outstanding through the season. Notre Dame fights the Army Saturday.

For Washington It Was "The End of a Perfect Day"

Baseball has had its day. The season is over. The scoreboards will be covered until next spring. This crowd, happy as it is, seems to realize that as it drifts out of Griffith Stadium in Washington as the shadows of evening fall over the park, the game is over. So is the world series. For capital fans it was "The End of a Perfect Day," and the greatest game of the year. "Bucky" Harris and his boys have brought them their first baseball championship. The world series flag is flying from the staff in left field. The Nats are champions.

Most Valuable Players

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Oct. 13—Regardless of the official vote which decided the most valuable players in the major leagues, there will be plenty of material for argument during the winter season about the best players of the season.

One day during the summer, John A. Heydler, president of the National League, took occasion to express the opinion that Rogers Hornsby, the St. Louis star, was a greater ball player than the great Babe Ruth. The argument was taken up by the Ruth fans, and it is still a good subject for a debate.

Some time later a New York baseball writer, with no purpose of stirring up a civil war in the National League, caused a civic uprising in St. Louis baseball when he wrote that Frankie Frisch, the Giant second baseman, was a better player than Hornsby.

The argument about the respective merits and ability of Babe Ruth and Hornsby has more angles and possibilities than the one about the two National League stars.

Hornsby was the champion batter for 1924 in the National League. He was first with the fine mark of .424, and established two new records. He bettered by four points the record made by George Sisler in 1922 and he broke the record he had held with Hans Wagner by winning the batting championship for five consecutive seasons.

Ruth won his first American League batting championship with

an average of .389. He was the season, with 46 to his credit, and he was the leading run-getter of the major leagues with 143.

Hornsby and Frisch were tried for run-scoring in the National League, with 121 each.

Hornsby hasn't the team with him that Ruth has, but it is recalled that the Babe carried the burden of keeping the Yankees in the pennant race almost alone during one-third of the 1924 pennant race. Without Ruth the Yankees, in the opinion of a number of good baseball men, might have finished as low in the American League race as the St. Louis Cards did in the National League.

Avoiding any consideration of the monetary value Ruth's great drawing power has at the gate, it would seem that the Babe is a better ball player than Hornsby.

Hornsby hits more, it is true, but that doesn't mean everything. A player might be able to hit .500 over a season and wouldn't be any more valuable than a player who hit .200 but who drove in a run every time he got a hit.

Baseball games are won by runs, and the most valuable batters are those who knock in runs. The Babe is the greatest run-getter in the major leagues, even if it is due, perhaps, to the large number of home runs that he gets.

ported she had "hit it up" to 90 miles an hour.

It was expected that before nightfall the Zeppelin, pride of Germany, would be out of touch with the fatherland and that word of her progress from then on would come from the United States where the ZR-3 is to be received as one of the spoils of war.

Leaving Friedrichshafen, mother nest of Zeppelins for a quarter of a century, this latest and possibly last of the brood that was to make Germany supreme in the air, swung westward over France early Sunday morning.

The start, in a dripping fog, viewed by hundreds who went to the air-drome to bewail the airship's departure, was made at 6:40 a. m.

For a time the ZR-3's pilot, Dr. Eckener, head of the Zeppelin Works hesitated as to his course, the wireless chattering busily with land stations. Then he headed for Belfort, France, and crossed France, the northern tip of Spain, the Bay of Biscay and headed out to sea.

When last reported early today, the Zeppelin was about 600 miles from the Azores. She probably had covered one third of her journey by 8 a. m. eastern standard time today.

It was about 3 a. m. Berlin time, that the airship reported making 90 miles an hour, while Dr. Eckener messaged that one time, over a short stretch on Sunday, the ZR-3 made 130 miles an hour. This was

I. U. TURNS TOWARDS CHICAGO

Smarting Under Saturday's Defeat,
Prepares For Midway Team

Bloomington, Ind., Oct. 13—Smarting under its defeat by Louisiana university the Indiana football team turned to strenuous drill today for the Chicago game on the Maroon gridiron Saturday.

Passes and punts will be emphasized in the offensive practice this week according to Coach Ingram. Play was faulty on these specialties Saturday.

Ingram delegated his assistants the task of drilling the linemen on the art of "bearing down." The line crumbled in the pinches Saturday that gave the Dixie team the tying and winning scores of the homecoming contest.

with the aid of a strong wind, however.

At 5 a. m. Berlin time the Zeppelin called for the weather report from the Hamburg sea observatory.

An hour later a report was received that a vessel had sighted the ZR-3 at 4 a. m. G. M. T., "a quarter of the way between the north corner of the Hamburg sea observatory."

At 11 a. m. the Hamburg Seewarte had not received the report which the Zeppelin was to send out at 8 a. m., and it was believed that the sea station had lost touch with the airship.

Washington advices said contact with the ZR-3 would not be established by American government radio stations until the craft was within 1,500 miles of the United States. The Azores are 1,600 miles from Bermuda, which is about 650 miles from Lakehurst.

Chicago—After a clever battle, Charley Leppanen of Finland lost his wrestling match with Hans Steinke by forfeit when the big German landed his 265 pounds on the Finn in a fall and knocked him out. It was the only fall and the time was 1:03.35.

SOME UPSETS IN THE EAST

Defeat of Cornell and Naval Academy
not Expected

New York, Oct. 13—Defeat of Cornell and the Naval Academy were the most striking of a number of interesting up-sets that marked the eastern football schedule Saturday.

Princeton was tied by Lehigh; West Virginia was beaten by Pittsburgh and Yale just missed a tie with Georgia, while Brown was beaten by Chicago.

After a run of three seasons in which Cornell had won 26 straight games, Williams came along and gave the Ithacans their first defeat.

TO EVEN UP AT BASKETBALL

Franklin Expects to Make it Two
Straight With Butler

Franklin, Ind., Oct. 13—Having failed to beat Butler in football this year and imbued with the feeling of tenacity, Franklin college is preparing to defeat the Indianapolis college in basketball.

It is the opinion here that the Butler basketball team will have to be composed of supermen if it is to defeat the famous crew of Griz Wagner this winter. And the feeling exists on the Franklin campus that this determination to "beat Butler" on the hardwood will materialize into one, but two defeats for the net five of Pat Page.

GET RID OF THAT

One Week Enough to Teach Rats Lesson, Fair "Pied Piper" Asserts

MISS HELEN CALDWELL

Rats to the left and rats to the right. A war on rats has begun here. Feed 'em poison and clean the town.

A Good Thing - DON'T MISS IT

Send your name and address plainly written, together with 5 cents (and this slip) to Chamberlain Medicine Co., Des Moines, Iowa, and receive in return a trial package containing CHAMBERLAIN'S COUGH REMEDY for coughs, colds, croup, bronchitis, "whooping" coughs, and tickling throat; CHAMBERLAIN'S TABLETS for stomach troubles, indigestion, gassy pains that crowd the heart, biliousness and constipation; CHAMBERLAIN'S SALVE, needed in every family for burns, scalds, wounds, piles and skin affections; these valued family medicines for only 5 cents. Don't miss it.

of the big black rats and those that are brown.

Miss Helen Caldwell, pied piper of Huntington, W. Va., rodent-router who has won fame in Indiana cities the past few weeks, is in Rushville promising to rid the city of rats if the citizens will co-operate with her.

"everyone will join our campaign" said Miss Caldwell, "every rat in Rushville should be dead at the end of a week."

Inasmuch as rats are dangerous to the health and well being of the city and, according to statistics of the United States Department of Health there are two rats for every inhabitant, they are in Rushville to the number of 25,000, or more, Miss Caldwell expects to find little difficulty in lining citizens up behind her campaign. Holland, Grand Haven, Muskegon, Manistee, Traverse, and other Michigan cities have been rid of rats in her manner in recent weeks and Miss Caldwell comes to Rushville from Connersville where the populace waxed quite enthusiastic about the matter.

Miss Caldwell's method of carrying on the actual warfare is to prepare meals of barium carbonate for the rats, and of course it is part of the game to place the meals in strategic places.

One week will probably be enough to teach the rats their lesson here, says Miss Caldwell.

The brown rat is the one at which the campaign is chiefly directed for the brown rat is the worst offender. Somehow the brown rat came to America about the time of the revolution. His greatest contribution to the misery of humanity is the bubonic plague, which he has carried all over Europe and back again several times.

STARTED TO CORRECT
WEAK SPOTS IN ROAD

Maintenance Division Begins to Get
Roads in Good Condition Before
Winter Begins

URGE REPAIR IMMEDIATELY

Indianapolis, Ind., Oct. 13—The maintenance division of the state highway department has started an intensive drive to correct and strengthen weak spots in road surfaces to get the roads in good condition before winter, it was announced today.

In letters to maintenance superintendents and engineers, A. H. Hinkle, superintendent of the division, emphasized the importance of making such repairs before freezing weather.

He said that no road would last if water is permitted to stand on it any length of time after a rain, even concrete and brick pavements fail under such conditions.

In treating bituminous surfaces he ordered the maintenance men to mark the spots that hold water and then fill them up after the water has disappeared. He ordered them to "peddle" gravel over the gravel roads immediately after a rain and dump enough material in the depressions to fill them.

"It is a serious matter to permit water to stand on any road surface," Hinkle declared in the letters, "and no one engaged in road maintenance can justify himself in being careless in this regard."

"Winter will soon be here," he continued "and it is extremely important that these matters be attended to, to save the roads next spring."

Feature Comes to Princess
The pulchritude of the Ziegfeld "Follies" girls has won for many of them lucrative offers in motion pictures and individually some of them have gone far on the screen. The world-famous beauty chorus as a whole, however, appears in a cinema production for the first time in "The Great White Way," a picturization of H. C. Witwer's popular story, "Cain and Mabel" which the Cosmopolitan Corporation will present at the Princess theatre today and tomorrow.

The new film entails the most lavish and realistic reproduction of a musical comedy that has ever been photographed as part of a motion picture. In order to give this scene the last touch of realism and have it perfect to the minutest detail, Cosmopolitan engaged Ned Wayburn to rehearse the entire chorus of Ziegfeld "Follies" beauties in numbers devised especially for the picture. The novel photoplay musical comedy was filmed in the Frolic Theatre atop the New Amsterdam Theatre, formerly the home of the midnight Frolic.

"The Great White Way" features an all-star cast that includes Anita Stewart, T. Roy Barnes, Oscar Shaw, Tom Lewis, Dore Davidson, Hal Forde, and Olin Howland. E. Mason Hopper directed from the scenario by Luther Reed, Joseph Urban designed the settings.

STATED MEETING
There will be a stated meeting of Rushville council No. 41 Monday evening at 7:30 o'clock and work in the R. & S. M. degree.

New Treatment For Swollen Glands

People who have enlarged glands ought to know that by freely applying Emerald Oil daily the gland can be brought to a head and all the germs and poisonous secretions discharged and destroyed.

Furthermore the opening will heal surely and speedily and without leaving an unsightly scar. People who desire this treatment should secure a two ounce original bottle of Emerald Oil (full strength) and use as directed. It is a very concentrated preparation and a small quantity lasts a long time. It is also used to reduce swollen veins and dissolves goitre.

Open Evenings October 16th, 17th and 18th Open Evenings

WHAT IS A ONE CENT SALE?

It is a sale where you buy an item at the regular price — then another item of the same kind for 1c. As an illustration The standard price of Rexall Tooth Paste is 25c. You buy a tube at this price, and by paying 1c more, or 26c, you get two tubes. Every article in this sale is a high-class standard piece of merchandise, just the same as we sell you every day at regular prices, and have sold you for years.

A WAY OF ADVERTISING

This sale was developed by the United Drug Co. as an advertising plan. Rather than spend large sums of money in other ways to convince you of the merits of these goods, they are spending it on this sale in permitting us to sell you a full-size package of high standard merchandise for 1 cent. — It costs money to get new customers, the loss taken on this sale will be well spent if the goods please you.

LEISURE WOMAN IS SENT TO PRISON

Sentenced to Serve 180 Days After
Having Been a Fugitive From
Justice Almost a Year

WAS CAUGHT LAST FRIDAY

Silverton Miller Pleads Not Guilty to
Charge of Assault and Battery
With Intent

Mamie Wee Leisure, who gave her age as 26 years, was arraigned in circuit court this morning and given a six months sentence at the State Prison for Women, after having been a fugitive from justice for almost a year.

She was captured Friday by officers who went to her house near the I. & C. power house and located her in hiding underneath the floor, where she dropped mysteriously out of sight through a trap door.

She was wanted to receive sentence on a charge of encouraging delinquency on a minor girl, and for which she was found guilty October 23, 1923, almost a year ago. After she and a companion were found guilty by the jury last year, they were permitted to go on their own recognizance for a few days, but when the time came for them to report, the woman disappeared and she was since a fugitive. The companion has served his 6 months sentence.

When brought into court this morning before Judge Sparks, she was asked the question concerning her age, and then the court handed out the delayed sentence of 180 days, and she was taken back to jail. She will be taken to the prison probably Thursday to begin serving the term.

Silverton Miller appeared this morning when court convened and entered a plea of not guilty to the charge of assault and battery with intent to kill. A motion to quash the first count of the affidavit charging the intent to kill, is pending.

He was arrested Sunday, October 5, on complaint of Elbert Carr, who charges him with attempting to shoot him. He was released on \$3,000 bond, and was told to report this morning to enter a formal plea. The case will be set later, after the arguments are heard on the motion to quash.

REPRESENTS LOCAL COMPANY AT MEETING

W. A. Alexander Back From Chicago
Where He Attended Mutual Insurance Association Convention

AT OPENING OF NEW STADIUM

William A. Alexander has returned home from Chicago where he represented the Rush County Farmers Mutual Insurance company at the annual convention of the National Mutual Insurance association, which was held last week at the Edgewater Beach hotel.

The next meeting will be held at Portland, Oregon, and H. C. Cooper of Crawfordsville, Ind., who has been serving as secretary, was elected president. Indiana was second in point of attendance at the convention, Illinois being first, and a Rochester, Ind., man was awarded a large silver cup for winning the horseshoe pitching contest.

Mr. Alexander learned many things of interest in regard to the conduct of mutual insurance companies elsewhere, which will be recommended to the Rush county company for adoption.

He was fortunate in being in Chicago at the formal opening of the new Grant Park Stadium, which will seat 60,000 people. The great grandchild of Mrs. O'Leary's cow, which kicked over the lantern and started the great Chicago fire, was present for the celebration and duplicated the feat. Modern fire equipment was present to extinguish the fire and demonstrate the development in fire fighting apparatus.

RECOVERING FROM ATTACK

DEMONSTRATION SUCCESS

Fire Department Reveals Ability to
Carry High Pressure

The demonstration held this morning by the fire department was highly successful and both pumps were given good workouts, the hose tested and the equipment put into shape for any future emergencies that might arise in the winter months.

The steam pump was placed in south Morgan street and two lines of hose run from it for more than a block, and water supplied directly into the Seagraves pumper which relayed the stream of water into one high pressure line, more than three blocks away. Both outfits worked perfectly. Only a few sections of the hose were found to be faulty, and were discarded.

THREE DIVORCES GRANTED IN COURT

Three Women Allowed Decrees of
Separation by Different Judges,
One on Cross Complaint

TRIAL FOR TODAY DELAYED

Jury Will Not be Used Tuesday as
Case Scheduled For Hearing Will
be Taken Out of County

Three divorces were granted Saturday in the Rush circuit court by three different judges, in decisions handed down after hearing the evidence in the cases.

In the suit of Chase S. Floyd against Daisy Floyd, heard before Judge Rufus Hinshaw of Newcastle, the plaintiff was refused a divorce on his petition, and received a fine of \$10 and costs for contempt of court for failing to abide by the ruling of the court concerning the payment of support money.

The court, however, granted Mrs. Floyd a divorce on her cross complaint, assessed the costs against him for \$25 attorney fees, and restored her former name of Daisy Chance. The court also awarded her possession of a piano, over which there existed some difficulty. The evidence in the case was heard last week, and the ruling made Saturday afternoon by the special judge.

In the case of Carrie E. Fleehart against Fred A. Fleehart, heard Saturday by Gates Ketchum, special judge, the plaintiff was granted a divorce upon payment of costs, and also awarded her \$4 a week support money for a child. Provisions were also made concerning the custody of the child.

In the suit of Osa Moulton against Lafayette Moulton, Judge Sparks heard the evidence, and awarded the plaintiff a decree, upon payment of costs.

The court also heard the evidence for support in the suit that is pending of Elsie Bush against Shelby Bush. The decision awarded the child \$5 a week support.

The jury was on hand this morning to hear the case of the First State bank of Newport against Frank R. Hale and others, and after the jury was in the box, some of the defendants presented a motion for continuance, and it was granted, delaying the case.

The case set for Tuesday before a jury also was delayed. The action was the suit of Eliza Price against William H. Alsmann, a complaint on a note, and a change of venue was asked by the defendant.

In the suit of John A. Knecht against Roy Whittaker, judgment on an account has been entered for \$48.65 and costs.

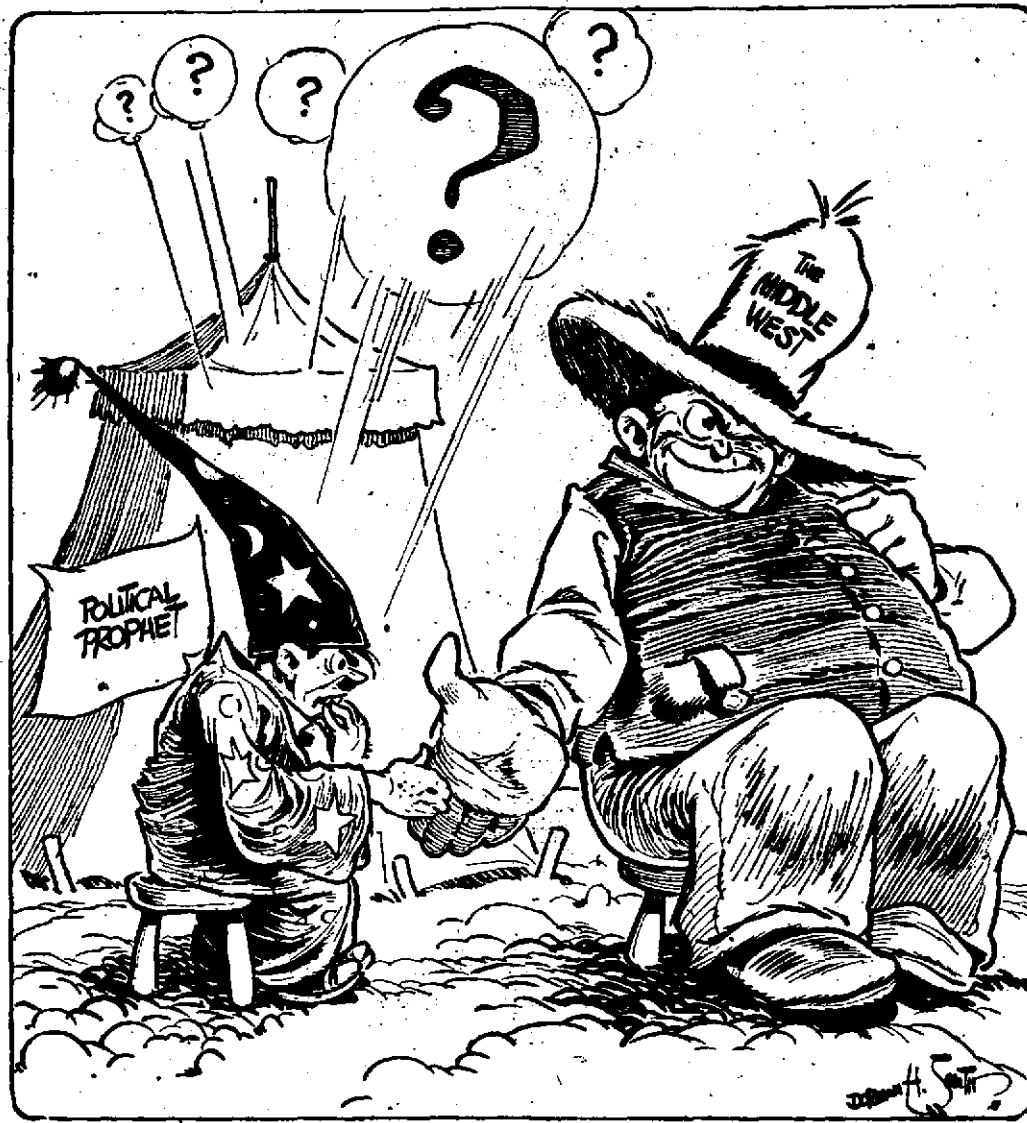

The suit of William Knecht against Louis C. Lambert, in which a change of venue was asked by the defendant, has been sent to Henry county for trial.

Another change of venue was affected in the case of Clifford C. Hutson against Harry Madlin and Loring Brookshire, a \$10,000 damage suit. The case originated in Henry county and was sent here on a change, and a still further change of venue has been taken in which it now goes to Hancock county for trial.

NO SKETCH TO BE GIVEN

ASKS A RECEIVER FOR BOX FACTORY

St. Maurice Paper Company of Quebec, Ont., Files Action Against
Carthage Concern Here

ASKS \$4,000 ON ACCOUNT

Petition for Ancillary Receiver Also
Filed in Federal Court in Indianapolis

Suits seeking a receivership for the American Paper Products company of Carthage have been instituted in the Rush circuit court and a petition for an ancillary receiver has been filed in federal court in Indianapolis, in which alleged creditors express fear their interests will not be protected.

The suit filed in the Rush circuit court this morning was brought by the St. Maurice Paper Company of Quebec, Ont., demanding judgment on an account for \$4,000 that is alleged to be past due.

The complaint alleges that the Carthage concern owns real estate, property, merchandise and accessories to the paper box making trade in the city of St. Louis, Mo., and Carthage, Ind.

The holdings of the concern is cited in the complaint to be reasonably worth \$300,000 to \$400,000 in machinery, goods on hand and merchandise, and that the equipment, real estate and other holdings of the concern is said to be worth above \$700,000, involving a total of more than a million dollars.

The action charges that when the concern was actively engaged in the business in the state of Missouri that Lev P. Rexford was appointed receiver. The plaintiff now charges that because the factory has expended its business into this state, and their interests should be protected and that an ancillary receiver, or a subordinate receiver should be named, and the plaintiff asks the local court to ratify their demands.

The suit sets out that the receiver, Lev P. Rexford has filed a petition in the Indiana federal court, asking that he be named the receiver in this state, and that he has proposed \$50,000 bond for that purpose.

ANNUAL INSPECTION

The annual inspection of Rush chapter No. 24 and Rushville council No. 41 will be held at the Masonic Temple Wednesday evening. Herbert C. Graham, grand lecturer, will be present for the annual event. A buffet luncheon will be served from 5:30 to 7 o'clock and the work will begin at six o'clock.

PRINCE OF WALES WINS PLAUDITS OF COWBOYS

Chicago, Ill., Oct. 13.—To the accompaniment of wild yells from visiting cowboys, H. R. H. Prince of Wales gave an exhibition of horsemanship that won wild acclamations. Mounted on a rearing horse, David Windsor rode all around the stock yards. David Windsor, stuck like glue on the horse, which plunged around, excited by the yells of spectators. The prince's riding won the admiration of the cow punchers and they yelled their approval. After dismounting, Windsor was taken through the Swift Packing Plant.

REPUTATION IS SECOND TO NONE

W. D. Kieffer, Xylophone Soloist
With United States Marine Band,
is Veteran of Organization

TO BE HEARD IN CONCERTS

Will be One of Features When Famous
Band Appears at Park Coliseum October 29

No individual performer in a band or orchestra is more interesting to the public at large than the busy man with the drums, tympani, xylophone, bells, chimes, etc., he who makes the little bird chirp, imitates the toot of the engine, the honk of the automobile, and the innumerable other sounds so frequently called for in the popular numbers of today.

In W. D. Kieffer, the United States Marine Band, which is to render two concerts at Memorial park coliseum here on the afternoon and evening of Wednesday, October 29, boasts an artist with these instruments whose reputation is second to none in the world.

"The superior of Kieffer as a drum player and xylophone soloist does not live today," said W. L. Radcliffe, head of the Radcliffe enterprises, under whose management the world-famous organization makes its annual tours. "He will in all probability perform on the xylophone when the Marine Band appears in Rushville."

Kieffer, like all of the Marine Band soloists, is a veteran of the organization, having seen continuous service for nine years. He is a product of Lancaster, Pa., and according to his own statement, has been "fooling with a drum" ever since he was born.

When old enough to strike out for himself he applied for a position in an orchestra at one of the theatres in his own town, was accepted, and for several years brought much delight to the audience of the house. He migrated to Philadelphia where, too, he was attached to a theatre orchestra, and eventually succumbed to the call of the Marine Band, joining the noted organization in 1915.

Kieffer derives much pleasure from the instruments he plays, and nothing gives him greater delight than to encounter a piece that calls for the imitation of animals and birds, especially if there are many children in the audience.

MARKS END OF THE REVIVAL

Ben Davis Church Holds Home Coming
and Basket Dinner Sunday

The Ben Davis Creek church at Stringtown held a homecoming and basket dinner at the church Sunday and more than 300 persons attended the pitch-in dinner. The church has just ended a successful evangelistic campaign, in which the minister, the Rev. Mr. Crawley, was in charge and was assisted by Evangelist and Mrs. Brock, singers.

During the week there was a dozen accessions to the church. The all day meeting Sunday concluded the revival meeting, and in addition to the 300 persons who attended the dinner, the church was filled to capacity for the regular church services.

IS PRODUCTION OF TRANSITION AGE

New Girl is Theme of First Sermon
in Sunday Evening Series by the
Rev. H. W. Hargett

2 PATHS FOR HER TO FOLLOW

Old Tradition May Give Way to Materialism With Its Laxity or to
Sounded Christian Principles

The first sermon, "The New Girl" in the series on "The Girl of Today" which are being delivered by the Rev. H. W. Hargett at the St. Paul's Methodist Episcopal church, was delivered Sunday evening. Mrs. Norma Hogsett sang with fine expression and great power and four young ladies did most excellent service as ushers.

A question box has been placed in the vestibule of the church. People are cordially invited to hand in questions that pertain to the sermons or to other live, up-to-date themes. They will be answered each Sunday evening in a prelude preceding the sermon. The topic for next Sunday evening will be "The School Girl."

The sermon was taken from Proverbs 31:30, "Favor is deceitful and beauty is vain but a woman that feareth the Lord, she shall be praised." The sermon in part, is as follows:

This is a bit of the old time wisdom literature. The world had never outgrown it. It is needed by the girl of today. Superficial attractions are soon set aside. Only the deep lying beauty of the heart abides.

The new girl is the product of an age in transition. It is a transition from What to What? When the old gives way to the new there is danger. Old traditions, old conventions, habits, faith and home life, may give way to materialism with its laxity and selfishness or to higher sounder Christian principles. It rests with the girl of today to decide. As she thinks and dreams and loves and laughs, so will the race of tomorrow. Hers is potential womanhood. Man, the master builder, may in the past have considered woman as only a "side issue." Today through the rise of democracy and of industry, he must reckon her as a world force.

Man in the past has built his great empires by physical force and every such empire has been destroyed by the force that built it. A new era is before us in which woman is to have the opportunity of aiding in building a better civilization on the ruins of the old, of bringing beauty out of ashes and of setting up the fair city of God on earth.

Changed conditions have brought to the new girl a freedom unknown in the past. She is like a bird set free from a cage. She is free to seek the sunlight or the moonlight. Which shall it be? With the breaking up of the old home old life many of the restrictions and conventionalities of the past are gone. She does not expect that her social or recreational life shall center in the home. When a young man asks the privilege of a date he finds her hat on ready to go somewhere or to anywhere—the movies, an auto ride, the refreshment stand or elsewhere. The evening is seldom if ever spent quietly at home. If we take the "wreck" out of much of the recreational life of today, she must stand for the higher sanctities of life and against the shameless flippant lures that

ZR-3 PASSES OVER AZORES

Wireless Reports Reveal Giant Dirigible, Headed Towards America, is Making Good Time

NOW ON LEG TO BERMUDA

Expected to Reach Lakehurst, N. J.,
Her Destination, by Wednesday—
One of Spoils of War

(By United Press)

Lakehurst, N. J., Oct. 13.—I expected the ZR 3 to arrive between five and six a. m. Wednesday if the present atmospheric conditions which are splendid, do not change," Commander Pierce, U. S. N. in charge of the air station here told the United Press this afternoon.

"Everything is ready to receive the zeppelin," he added. "In case conditions are unfavorable to the ship entering the harbor, such as a side gale of more than fifteen miles an hour, she will land in the open, mooring apparatus will be attached and she will be pulled over to the mast.

Lieut. Wiley, regarded as the best American landing expert, will be in charge of the landing maneuvers.

Berlin, Oct. 13.—Speeding safely 1,600 miles from her starting point at Friedrichshafen, the giant Zeppelin ZR-3 reached the Azores this afternoon and passed high over-head above the little group of islands, steadily pursuing her westward course towards America.

Wireless reports reached Friedrichshafen that the dirigible, making good time, had arrived at the Azores at approximately 2 p. m., and continued on her way. The Zeppelin's course takes her on another 1600 mile leg, to Bermuda, where she turns northward to Lakehurst, N. J.

Spanish stations relayed messages reporting the safe progress of the airship.

At 3:30 p. m., Berlin time, the government wireless station here announced that the Chatham, Mass., wireless station in touch with the ZR-3.

Direct communication with the Zeppelin, which was lost sometime this afternoon, owing to atmospheric conditions was resumed shortly after 3 p. m., Berlin time and the big ship reported herself as having reached the first of the Azores group shortly before noon, Greenwich time.

Everything was well with the giant dirigible, which should reach Lakehurst, N. J., Wednesday.

The ZR-3 was behind schedule when last reported, but was proceeding steadily on her course, at a speed that averaged about sixty miles an hour. Early today she re-

NEGROES GIVE PLEDGE TO SUPPORT DAVIS

Delegation, all Former Republicans,
Hold Conference with Democratic
Nominee in Indianapolis

CHANGE DUE TO KLAN ISSUE

(By United Press)

Indianapolis, Ind., Oct. 13.—A delegation of negroes, all former Republicans, today pledged their support to John W. Davis, democratic presidential candidate, in a conference just before the candidate resumed his speaking tour in Indiana.

The candidate left here at noon for speeches at Lebanon, Lafayette, Crawfordsville, Greencastle and Terre Haute. He will invade Illinois tomorrow.

"The Ku Klux Klan or any other such organization has no place in American politics," Davis declared in a short talk to the Negro Voter's League.

The delegation included negro editors, preachers, and officers of the Independent Negro Voters League of Indiana, which is interested in defeating the Republican State ticket because of the Klan issue.

Negroes are organizing a big demonstration for the democratic state ticket here next Sunday when they expect to have 10,000 marchers in line.

W. F. Henderson, president of the Negro Voters' League, was spokesman for the delegation.

Speaks to Overflow Crowd

E. E. Hungerford of This County
Addresses Bloomfield Crowd

E. E. Hungerford of this county, who is in charge of agricultural division of the Republican state central committee, spoke to an overflow meeting in the court house yard at Bloomfield, last Friday night, according to an announcement received here today.

The overflow crowd was composed of people who came to hear Ed Jackson, republican candidate for governor, and who could not get inside the court house where he was speaking.

Mr. Hungerford spoke for an hour and then introduced Mr. Jackson as "the next governor of Indiana," and he addressed to the crowd upon the outside for a short time.

would plunge the world into moral chaos.

First Baptist Rally Day

One of the best Rally Day services in the history of the First Baptist church was enjoyed by the members Sunday. The Bible school, in charge of Supt. I. T. Polsgrove, met at 9:30 and was followed by the presentation and adoption of goals for the coming year, including an enrollment of 200 and an average attendance of 110. Other improvements in the matter of record-keeping were also adopted.

"The Prince of Victory" was the pastor's theme at the morning worship hour. He defined victory for the church as nothing short of "the creation of a civilization, Christian in spirit and passion throughout the world." He continued by summing up the price of victory, first as vision, second as faith, third co-operation, fourth purity, fifth consecration.

A bountiful pitch-in dinner was served in the basement at noon.

At two o'clock the orchestra, under the direction of Gilbert Palmer, began a thirty minute prelude, and at 2:30 the Rev. C. J. Bunnell, a former pastor, brought a splendid and much appreciated message on the subject "The Way to Victory." In part he said: "The church must organize its forces if it expects victory. No loose, hap-hazard programs will achieve victory."

"In the second place the church must agonize. The church must be willing to give of her life blood in order to achieve the victory. Finally, the church that gains the victory must be vitalized by the spirit and power of God."

Following his sermon the Rev. Mr. Bunnell enjoyed an hour of fellowship with his friends and former parishioners. The first meetings of the R. Y. P. U. since the summer vacation was held at 6:15 in charge of the president, Miss Mildred Stewart. The attendance was the largest in many months.

A special feature of the evening worship hour was the service of installation for the officers. The service included the reading of two short selections of scripture, a brief address by the pastor on the dignity and importance of an office in the church, and the reading of the duties of the various officers. The congregation then stood and the pastor led the installation prayer.

A brief sermon by the pastor followed this service in which he spoke of "The Challenge of the Church." His message was a plea for the acceptance of the challenge to large life and service. Splendid audiences were in attendance upon all the services, and the church is looking forward to the best year of its history.

Kansas City Doctor Invents New Truss

New Discovery Heals Rupture Without An Operation.

A new discovery which, experts agree, has no equal for curative effects in all rupture cases, is the latest accomplishment of the well-known Hernia Specialist, Dr. Andrews, 7638 Koch Bldg., Kansas City, Mo. The extraordinary success of this new method proves that it holds and heals a rupture. It weighs only a few ounces. Has no hard gouging pads, no elastic belt, no leg straps, no steel bands, and is as comfortable as a light garment. It has enabled hundreds of persons to throw away trusses and declare their rupture absolutely healed. Many of these had serious double ruptures, from which they had suffered for years. It is Dr. Andrews' ambition to have every ruptured person enjoy the quick relief, comfort and healing power of his discovery, and he will send it on free trial to any reader of the 'Republican' who writes him. He wants one person in each neighborhood to whom he can refer. If you wish to be rid of rupture for good, without an operation, take advantage of the doctor's free offer. Write him today. BY HARRY B. HUNT

NEA Service Writer

WASHINGTON—With the
campaign entering the home
stretch, administration lead-
ers profess to be more than ever
confident that Cal Coolidge will
come under the wire an easy win-
ner.But while they claim Cal is safe-
ly out in front of La Follette and
Davis, where he cannot be pock-
eted and where he isn't even trou-
bled by their dust, the going for
Republican congressional, senator-
ial and state entries is admittedly
not so good.Just why it is, they admit they
do not know, but they confess Cool-
idge is running away ahead of
his party. In confidence, they
forecast a Coolidge rather than a
Republican victory. For the elec-
tion of a president, but the loss of
both houses of Congress, can
hardly be heralded as a great
party victory. It would be a per-
sonal victory for Coolidge, not a
triumph for the G. O. P. Yet that
is exactly what even the most op-
timistic Republican leaders expect.JUST what the elements of popu-
larity are in Coolidge's makeup,
that have brought about this
situation the old-time politicians
can't figure out. All the old bag-
of tricks has gone into the discard.
They don't fit Cal at all.These old timers are loath to ad-
mit that perhaps it is Coolidge's
very indifference that gives him
his strength, yet a lot of them are
beginning to get that "chance" and
to ponder it very seriously. It
isn't, for them, a particularly ap-
pealing matter for meditation, but
they admit it appears an mes-
capable fact.ANYWAY, something appears to
them to be wrong when a
seemingly negligible personal-
ity catches the public fancy and in
the most passive sort of campaign
has all the old party regulars for
Congress and Senate hanging onto
his coat tails.There is not a single state from
which the reports show the localtickets adding strength to the Cool-
idge cause. Instead, state after
state reports Coolidge far out in
front, and votes the hope that his
majority may be sufficient to put
across state and congressional
candidates by a safe, though nar-
row, squeak.Of course the Davis and La
Follette camps maintain that
these claims of Coolidge
strength, particularly in view of
the admissions of likely failure to
win control of House and Senate,
simply show the administration
leaders are whistling to keep up
courage.With the solid south for a take-
off, Al Smith doing his stuff for
Davis in New York and La Fol-
lette undercutting the Republican
strength in the middle west, Demo-
crats decline to accept the dictum
that they will not be able to roll
up the necessary 266 electoral
votes. They even decline to con-
sider suggestions that their real
hope lies in a deadlocked election,
although that appears their salva-
tion to most unbiased observers.And the La Follettes—well, with
"Fighting Bob" just taking the
stump himself, on a tour that will
carry him to the Pacific coast,
they insist that all hope to date is
premature, that the real Progress-
ive drive to bring Bob under the
wire a winner is just beginning.

"Not a deadlock, but a victory"

is the La Follette cry.

THE one thing on which agree-
ment is general, however, is
that the bloc control will continue
in the Sixty-ninth Congress.
This probability is giving the Cool-
idge leaders most concern. For
without a decisive majority in
either house it will be impossible
for the president, if re-elected, to
put into effect administrative poli-
cies requiring congressional elec-
tion.On the other hand, such a situa-
tion will make doubly effective the
administration veto, enabling Cool-
idge to prevent any legislative
accomplishment by the bloc sys-
tem, until 1927 at the earliest.**The Hodge - Podge**

CHICAGO UPSETS BROWN

Shows itself Big Ten Contender and
Illinois Also Exhibited Improve-
ment Trouncing Butler

Chicago, Oct. 13—Coaches of the Big Ten began their last intensive week of drill before the opening of the conference season proper. Although Ohio State Iowa and Purdue have already engaged in Big Ten battles, the other seven teams of the circuit will enter their conference games next Saturday.

The record of the week-end, with almost as many upsets as expected results leave most western eleven uncertain prospects. Several teams, however, stamped themselves definitely as conference contenders.

By Chicago's upset defeat of Brown to the count of 19 to 7 Coach Alonzo Stagg is assured of a place in the Big Ten race. Led by Harry Thomas in the back field and Gowdy at center, the Maroons showed an attack and defense that needs only a little more co-ordination to make them dangerous to any aggregation.

Illinois showed a vast improvement since the Nebraska game when she trounced Butler 40 to 10. Red Grange was in the fray only 16 minutes, but that was long enough for Zuppke's star to put over two touchdowns. Butler failed to show her usual strength.

Led by the offense of Ralph Baker, triple-threat sophomore, Northwestern downed Cincinnati, 42 to 0.

Michigan had difficulty in winning from the Michigan Aggies, 7 to 0, and will have to improve to beat Illinois next Saturday.

Iowa and Ohio State practically eliminated each other from consideration as Conference championship contenders when they went into a scoreless tie. Both teams will give lots of trouble to other eleven, however. Iowa plays Lawrence next Saturday and Ohio meets Ohio Wesleyan. The most disappointing showing of any conference eleven was the 7 to 7 tie of Wisconsin with Coe College. It must be said for the Badgers however, that they started the game and played a large part of it with second string men, whom Coach Jack Ryan wanted to test.

Minnesota had little difficulty in winning from the Haskell Indians 20 to 0. The Gophers and Badgers will meet each other in a stiff battle next Saturday, despite Wisconsin's humiliation Saturday.

Purdue met expectations in trouncing Rose Poly, by an overwhelming score and will meet Northwestern Saturday.

Defeated by Louisiana, Indiana will come to Chicago to fight the Maroons Saturday.

SUCCESSFUL HITTING LINE

The Arlington Athletic club football team won a great victory Sunday, when they downed the fast Shelbyville club on the field at Arlington, shutting them out, 22 to 0.

Arlington scored in the second, third and fourth quarters, and used line plunges to good advantage at all times. The Arlington team had John Beasley, Louis Means and Hal Rohm in the back field, and they took the ball through time after time for long gains. They also were towers of strength in the defense.

Shelbyville made only two first downs during the game. They had well known players, such as Biakely, B. Coon, Fisher, Mitchell and Coppel. Next Sunday Arlington will hook up with the Red Arrow club of Fishers, a team that ranks high in the state. This game will be played at Arlington. The attendance this year is exceptionally good.

ORANGE TAKES GINGS FIVE

Wins Basketball Game, 29 to 24—
McCulloch Scores 19 Points

Orange high school took Gings high school in a fast game of basketball Friday night at Gings, the score being 29 to 24. Pyke starred for Orange with 15 points. McCulloch went best for Gings making 19 points. The first half saw Gings leading 15 to 14. The lineup and summary:

Orange 29 Gings 24
Phillips F Reese
Fields F Eckhart
McGraw C McCulloch
Friend G Pratt
Bryant G Meyers
Summary: Myers, 2, Pratt, Phillips 4, McGraw 2, Coletrane 4, Friend McCulloch 9, Pyke 7. Foul goals, Pyke, McCulloch. Substitutions, Pyke for Fields, Coletrane for McGraw, Ruff for Friend and McGraw for Coletrane. Referee Joel Custer.

LOCALS MEET WATERLOO.

The Rushville baseball club met their Waterloo in the last game of the season Sunday, when the colored A. B. C. team of Indianapolis rubbed in a 19 to 3 score. The local club had previously won two games played with the fast team, but yesterday the visitors were right, and had little trouble in hitting the ball to all corners of the lot.

Dame, by her 34 to 0 defeat over Wabash, and Marquette by her 21 to 3 triumph over the Navy promised to be outstanding through the season. Notre Dame fights the Army Saturday.

For Washington It Was "The End of a Perfect Day"

Baseball has had its day. The season is over. The scoreboards will be covered until next spring. This crowd, happy as it is, seems to realize that as it drifts out of Griffith Stadium in Washington as the shadows of evening fall over the park, the game is over. So is the world series. For capital fans it was "The End of a Perfect Day," and the greatest game of the year. "Bucky" Harris and his boys have brought them their first baseball championship. The world series flag is flying from the staff in left field. The Nats are champions.

Most Valuable Players

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Oct. 13—Regardless of the official vote which decided the most valuable players in the major leagues, there will be plenty of material for argument during the winter season about the best players of the season.

One day during the summer, John A. Heydler, president of the National League, took occasion to express the opinion that Rogers Hornsby, the St. Louis star, was a greater ball player than the great Babe Ruth. The argument was taken up by the Ruth fans, and it is still a good subject for a debate.

Some time later a New York baseball writer, with no purpose of stirring up a civil war in the National League, caused a civic uprising in St. Louis baseball when he wrote that Frankie Frisch, the Giant second baseman, was a better player than Hornsby.

The argument about the respective merits and ability of Babe Ruth and Hornsby has more angles and possibilities than the one about the two National League stars.

Hornsby was the champion batter for 1924 in the National League. He was first with the fine mark of .424, and established two new records. He bettered by four points the record made by George Sisler in 1922 and he broke the record he had held with Hans Wagner by winning the batting championship for five consecutive seasons.

Ruth won his first American League batting championship with

an average of .389. He was the champion home-run hitter of the season, with 46 to his credit, and he was the leading run-getter of the major leagues with 143.

Hornsby and Frisch were tried for run-scoring in the National League, with 121 each.

Hornsby hasn't the team with him that Ruth has, but it is recalled that the Babe carried the burden of keeping the Yankees in the pennant race almost alone during one-third of the 1924 pennant race. Without Ruth the Yankees, in the opinion of a number of good baseball men, might have finished as low in the American League race as the St. Louis Cards did in the National League.

Avoiding any consideration of the monetary value Ruth's great drawing power has at the gate, it would seem that the Babe is a better ball player than Hornsby.

Hornsby hits more, it is true, but that doesn't mean everything. A player might be able to hit .500 over a season and wouldn't be any more valuable than a player who hit .200 but who drove in a run every time he got a hit.

Baseball games are won by runs, and the most valuable batters are those who knock in runs. The Babe is the greatest run-getter in the major leagues, even if it is due, perhaps, to the large number of home runs that he gets.

ZR-3 PASSES

OVER AZORES

(Continued from Page One)

ported she had "hit it up" to 90 miles an hour.

It was expected that before nightfall the Zeppelin, pride of Germany, would be out of touch with the fatherland and that word of her progress from then on would come from the United States where the ZR-3 is to be received as one of the spoils of war.

Leaving Friedrichshafen, mother nest of Zeppelins for a quarter of a century, this latest and possibly last of the breed that was to make Germany supreme in the air, swung westward over France, early Sunday morning.

The start, in a dripping fog, viewed by hundreds who went to the air-drome to bewail the airship's departure, was made at 6:40 a. m.

For a time the ZR-3's pilot, Dr. Eckener, head of the Zeppelin Works hesitated as to his course, the wireless chattering busily with land stations. Then he headed for Belfort, France, and crossed France, the northern tip of Spain, the Bay of Biscay and headed out to sea.

When last reported early today, the Zeppelin was about 600 miles from the Azores. She probably had covered one third of her journey by 8 a. m., eastern standard time today.

It was about 3 a. m., Berlin time, that the airship reported making 90 miles an hour, while Dr. Eckener messaged that one time, over a short stretch on Sunday, the ZR-3 made 130 miles an hour. This was

Smarting Under Saturday's Defeat,
Prepares For Midway Team

Bloomington, Ind., Oct. 13—Smarting under its defeat by Louisiana university the Indiana football team turned to strenuous drill today for the Chicago game on the Maroon gridiron Saturday.

Passes and punts will be emphasized in the offensive practice this week according to Coach Ingram. Play was faulty on these specialties Saturday.

Ingram delegated his assistants the task of drilling the linemen on the art of "bearing down." The line crumbled in the pinches Saturday that gave the Dixie team the tying and winning scores of the homecoming contest.

with the aid of a strong wind, however.

At 5 a. m., Berlin time the Zeppelin called for the weather report from the Hamburg sea observatory.

An hour later a report was received that a vessel had sighted the ZR-3 at 4 a. m., G. M. T., "a quarter of the way between the north corner of Spain and the Azores."

At 11 a. m. the Hamburg Seewarte had not received the report which the Zeppelin was to send out at 8 a. m., and it was believed that the sea station had lost touch with the airship.

Washington advices said contact with the ZR-3 would not be established by American government radio stations until the craft was within 1,500 miles of the United States. The Azores are 1,600 miles from Bermuda, which is about 650 miles from Lakehurst.

Chicago—After a clever battle, Charley Leppanen of Finland lost his wrestling match with Hans Steinke by forfeit when the big German landed his 265 pounds on the Finn in a fall and knocked him out. It was the only fall and the time was 1:03.35.

SOME UPSETS IN THE EAST

Defeat of Cornell and Naval Academy not Expected

New York, Oct. 13—Defeat of Cornell and the Naval Academy were the most striking of a number of interesting up-sets that marked the eastern football schedule Saturday.

Princeton was tied by Lehigh; West Virginia was beaten by Pittsburgh and Yale just missed a tie with Georgia, while Brown was beaten by Chicago.

After a run of three seasons in which Cornell had won 26 straight games, Williams came along and gave the Ithacans their first defeat.

Franklin Expects to Make it Two

Franklin, Ind., Oct. 13—Having failed to beat Butler in football this year and imbued with the feeling of tenacity, Franklin college is preparing to defeat the Indianapolis college in basketball.

It is the opinion here that the Butler basketball team will have to be composed of supermen if it is to defeat the famous crew of Griz Wagner this winter. And the feeling exists on the Franklin campus that this determination to "beat Butler" on the hardwood will materialize into one, but two defeats for the net five of Pat Page.

Miss Faye Dungan delightfully entertained a number of young people with a party at her home in this city Friday evening. The evening was spent in dancing and playing games. Those present were the Misses Florence Hughes, Christina Bebout, Gladys Newman, Rosalyn Moore and Evelyn Womeldorf and Donald Price, Ralph Hill, Roland Parker, Harlan Lee, Harry Kelly and Francis Reade. At the close of the evening dainty refreshments were served.

Mr. and Mrs. Zeno Hodge were delightful host and hostess Wednesday evening at their home at Meadow Brook Farm, west of this city, when they entertained with a marshmallow toast and veiner roast, the evening being in honor of their fifth wedding anniversary. Those enjoying the social hour around the burning embers were Mr. and Mrs. Charles Ellison and daughter Geraldine, Mr. and Mrs. Oren Veatch, Mr. and Mrs. Elmer Perkins, Mr. and Mrs. Fon Miller and daughter Frances Jean and Mr. and Mrs. Carl Dearing.

The Barnes reunion was held Sunday at the home of the president, Mrs. Charles Jones, with forty-nine relatives present. At the noon hour a beautiful pitch-in dinner was served. A bouquet of dahlias centered the table where covers were laid for the twelve oldest present. The younger ones were served cafeteria style. The day was enjoyed recalling old memories and those who were absent by sickness and other reasons, were not forgotten. At a late hour the guests were called to order while the officers were elected for 1935. The next reunion will be held the second Sunday in September, 1935.

at the home of Miss Gertrude Barnes south of New Salem.

Sixty-one relatives enjoyed a beautiful birthday dinner Sunday at the home of Mr. and Mrs. Earl Nigh and son Charles, the evening being a birthday surprise for Mr. Nigh, who was thirty-three years of age. The day was enjoyed with music and games. The guests who enjoyed the day were Mr. and Mrs. William Moore and family of Carthage, Mr. Mrs. Jasper Pollitt and family, Mr. and Mrs. Ben Collins and family, of this city, Mr. and Mrs. Abe Moore and family of Carthage, Mr. and Mrs. Isaac Moore and family of Greenfield, Mr. and Mrs. Charlie Moore and family of Shelbyville, Mr. and Mrs. Sam Moore and family of Milton, Ind., Mr. and Mrs. James Moore and family of Arlington, Joseph Moore of Washington, Mr. and Mrs. Charlie Nigh and family, Mr. and Mrs. Wm. Mann and family, Mr. and Mrs. Lindley Taylor, all of Carthage, Mr. and Mrs. Munville Wooten and family, Mr. and Mrs. Jacob Ash and family, of Morris-town, Mr. and Mrs. Otto Winton and family of Manilla and Clifford McNichol of Indianapolis.

Mr. and Mrs. A. L. Gary, Mrs. Anna Moses and Mrs. Gibson Wilson witnessed the play given by the Romance Language department of the Western College at Oxford, Ohio, Saturday evening. The play was given in the Nature Theatre by moonlight. In the afternoon they attended the football game. Mr. and Mrs. Gary were guests of Miss Marcia and John and Howard Kendall, who are students of Miami University, and Mrs. Wilson visited her daughter Miss Kathryn Wilson, who is a student of Western College. Mrs. Moses is a graduate of Western College in the year of 1868 and she is one of the seven members of the class who are still living. Miss Kathryn Wilson accompanied them home, and spent the week-end in this city, the guest of her parents, the Rev. and Mrs. Gibson Wilson.

The first reunion of the descendants of Josiah Miller was held Sunday at the Homer Christian Union church. At noon a beautiful dinner was served and in the afternoon a splendid literary program was given, which was highly appreciated by all. Orsa Ellison was elected chairman, Mrs. Chester Anderson, secretary.

of the big black rats and those that are brown.

Miss Helen Caldwell, pied piper of Huntington, W. Va., rodent-router who has won fame in Indiana cities the past few weeks, is in Rushville promising to rid the city of rats if the citizens will co-operate with her.

"Everyone will join our campaign," said Miss Caldwell, "every rat in Rushville should be dead at the end of a week."

Tras much as rats are dangerous to the health and well being of the city and, according to statistics of the United States Department of Health there are two rats for every inhabitant, they are in Rushville to the number of 25,000, or more, Miss Caldwell expects to find little difficulty in lining citizens up behind her campaign. Holland, Grand Haven, Muskegon, Manistee, Traverse, and other Michigan cities have been rid of rats in her manner in recent weeks and Miss Caldwell comes to Rushville from Comersville where the populace waxed quite enthusiastic about the matter.

Miss Caldwell's method of carrying on the actual warfare is to prepare meals of barium carbonate for the rats, and of course it is part of the game to place the meals in strategic places.

One week will probably be enough to teach the rats their lesson here, says Miss Caldwell.

The brown rat is the one at which the campaign is chiefly directed for the brown rat is the worst offender. Somehow the brown rat came to America about the time of the revolution. His greatest contribution to the misery of humanity is the bubonic plague, which he has carried all over Europe and back again several times.

STARTED TO CORRECT WEAK SPOTS IN ROAD

Maintenance Division Begins to Get Roads in Good Condition Before Winter Begins

URGE REPAIR IMMEDIATELY

Indianapolis, Ind., Oct. 13—The maintenance division of the state highway department has started an intensive drive to correct and strengthen weak spots in road surfaces to get the roads in good condition before winter, it was announced today.

In letters to maintenance superintendents and engineers, A. H. Hinkle, superintendent of the division, emphasized the importance of making such repairs before freezing weather.

He said that no road would last if water is permitted to stand on it any length of time after a rain, even concrete and brick pavements fail under such conditions.

In treating bituminous surfaces he ordered the maintenance men to mark the spots that hold water and then fill them up after the water has disappeared. He ordered them to "peddle" gravel over the gravel roads immediately after a rain and dump enough material in the depressions to fill them.

"It is a serious matter to permit water to stand on any road surface," Hinkle declared in the letters, "and no one engaged in road maintenance can justify himself in being careless in this regard."

"Winter will soon be here," he continued, "and it is extremely important that these matters be attended to, to save the roads next spring."

Feature Comes to Princess

The pulchritude of the Ziegfeld "Follies" girls has won for many of them lucrative offers in motion pictures and individually some of them have gone far on the screen. The world-famous beauty chorus as a whole, however, appears in a cinema production for the first time in "The Great White Way," a picturization of H. C. Witwer's popular story, "Cain and Mabel" which the Cosmopolitan Corporation will present at the Princess theatre today and tomorrow.

The new film entails the most lavish and realistic reproduction of a musical comedy that has ever been photographed as part of a motion picture. In order to give this scene the last touch of realism and have it perfect to the minutest detail, Cosmopolitan engaged Ned Wayburn to rehearse the entire chorus of Ziegfeld "Follies" beauties in numbers devised especially for the picture. The novel photoplay musical comedy was filmed in the Frolie Theatre atop the New Amsterdam Theatre, formerly the home of the midnight Frolic.

"The Great White Way," features an all-star cast that includes Anita Stewart, T. Roy Barnes, Oscar Shaw, Tom Lewis, Dore Davidson, Hal Forde, and Olin Howland. E. Mason Hopper directed from the scenario by Luther Reed, Joseph Urban designed the settings.

STATED MEETING

There will be a stated meeting of Rushville council No. 41 Monday evening at 7:30 o'clock and work in the R. & S. M. degree.

New Treatment For Swollen Glands

People who have enlarged glands ought to know that by freely applying Emerald Oil daily the gland can be brought to a head and all the germs and poisonous secretions discharged and destroyed.

Furthermore the opening will heal surely and speedily and without leaving an unsightly scar. People who desire this treatment should secure a two ounce original bottle of Emerald Oil (full strength) and use as directed. It is a very concentrated preparation and a small quantity lasts a long time. It is also used to reduce swollen veins and dissolves goitre.

STATED MEETING

Phoenix lodge No. 62, F. & A. M., will hold its regular stated meeting next Tuesday evening at 7:30 o'clock.

PITMAN & WILSON*The Rexall Store***ONE CENT SALE!****Next Thursday, Friday and Saturday**

Open Evenings October 16th, 17th and 18th Open Evenings

WHAT IS A ONE CENT SALE?

It is a sale where you buy an item at the regular price — then another item of the same kind for 1c. As an illustration The standard price of Rexall Tooth Paste is 25c. You buy a tube at this price, and by paying 1c more, or 26c, you get two tubes. Every article in this sale is a high-class standard piece of merchandise, just the same as we sell you every day at regular prices, and have sold you for years.

A WAY OF ADVERTISING

This sale was developed by the United Drug Co. as an advertising plan. Rather than spend large sums of money in other ways to convince you of the merits of these goods, they are spending it on this sale in permitting us to sell you a full-size package of high standard merchandise for 1 cent. —It costs money to get new customers, the loss taken on this sale will be well spent if the goods please you.
